

Good Morning Greysbrooke

We hope you all had a wonderful weekend, it was lovely to see some sunshine after a rather wet week. This newsletter has been designed to celebrate the achievements of Team Greysbrooke last week. Ever since we closed our doors in March, to the majority of pupils, the school and staff have continued to operate at full steam ahead. Work has taken place tirelessly behind the scenes to re-open the building to more and more pupils and it is wonderful that Year 1 children will be welcomed back today alongside Reception and our Keyworker children.

Last week as a team so much was achieved; we welcomed Reception children back to school, prepared the environment for Year 1 children to return today, hosted trial Zoom chats, produced welcome back videos, established the home learning link, provided refunds to families who could not go on trips, ordered essential items, carried out home learning surveys, continued to support all families through telephone calls and emails, planned and prepared home learning for all year groups, provided care and education to keyworker and vulnerable children, videoed assemblies and story times. This is a small snapshot and does not include the admin work carried out by our office staff, the cleaning and site management teams, on-site teaching and support staff, remote teaching teams, supportive governing body and the hard working Headteacher who keeps our well-oiled machine moving.

We have included a snapshot of photos which we have been sent this week so you can see the variety of talent our Greysbrooke children are demonstrating and also the dedication of parents to deliver home learning during unprecedented circumstances and whilst working from home. As the majority of staff are in school teaching children in bubbles, could we remind you to send your check-ins, questions and photos to the home learning remote teaching team who can respond to you quickly. homelearning@greysbrooke.staffs.sch.uk We have also included a range of photos showing the learning taking place in school.

We hope you thoroughly enjoy our Virtual Sports Week and look forward to seeing your scores, videos and photos via the home learning email address. We truly are Team Greysbrooke and are thankful for the dedication of all staff and the support of all children, parents and governors.
